The Young at Heart Ride started in 2006 with 8 riders and the hopes of community involvement and education toward the growing number of seniors in our community while showing appreciation for them in celebration of their lives and being "Young at Heart" no matter their age. On Saturday, August 22nd, 2015, we celebrated our 10th Ride Anniversary with 65 riders who enjoyed a sunny fun-filled day of a scenic poker run up to Big Chute with breakfast, lunch (at halfway mark), dinner and amazing prizes – all while helping raise over \$20,000 towards the IOOF Seniors Homes Inc. LTC Home Redevelopment fund in Barrie.

Through the generosity of our volunteers, donors and our many sponsors, the IOOF Seniors Homes is excited about planning next year's event! Stay tuned for information on how to participate, sponsor a rider or donate.

With your help our seniors will remain "Young at Heart".

PLEASE GET THE FLU SHOT

The influenza is a serious illness that is caused by a virus. People experience a number of symptoms, including: *fever, muscle aches &/or extreme fatigue*. For some people it can lead to pneumonia, which can be even more serious. Some people, such as the elderly, those who are immuno-compromised and the very young can become very sick and may need hospital care. In Canada, seasonal influenza activity can begin as early as October and continue as late as May. Peak influenza season is in a 10 to 16 week period that usually starts in December. Between 10% and 20% of the population will get influenza each year.

Anyone can get influenza. If you have it, you can infect others a day before your own symptoms even appear. You're also contagious for up to 5 days after you show symptoms.

Symptoms usually start 1 to 4 days after exposure to the virus. In most adults, the influenza lasts 2-10 days. It may last longer for the elderly, children and people with chronic illnesses. You may have influenza if you experience: *fever, chills, cough, runny eyes, stuffy nose, sore throat, headache, muscle aches, extreme weakness and tiredness*.

Infection prevention and control (hand washing, sneezing or coughing into your sleeve and staying home when ill) is an essential part of care and getting the flu shot protects you and your family. An average 12,200 hospitalizations and approximately 3,500 deaths are attributed to influenza annually in Canada.

Please get the flu shot and protect yourself and everyone around you!

MESSAGE FROM OUR CEO

Dear Friends,

As CEO of the IOOF Seniors Homes, it is with great pride that I ensure the day-to-day operations of the IOOF Seniors Homes are managed in a proficient and professional manner. It is also my responsibility to work with the Board of Directors, management and staff to improve the environments of our various facilities on an ongoing basis thus enhancing the lives of our Residents. The efforts we have made during my tenure over the last 14 years has ensured our Residents, staff, family members and volunteers enjoy a wonderful and pleasant place to live and work making the care we provide meet and exceed provincial standards.

Our priorities are clear; our targets are set for 2016, and we need your help. One of the most significant major capital projects is to complete 3 dining rooms for the "C" part of the Home that due to financial shortfalls, during the Phase I construction of the LTC Home in 2008, left them shelled in but incomplete. Each dining room when completed, at a minimum cost of \$700,000, will eliminate hall and elevator travel by our Residents and staff three times a day for meals in our main floor dining room. Waiting at the elevators 3 times a day can be up to 2 hours per day – time better used for programs, resident care, social time and rest.

To our generous and wonderful donors and sponsors, and our potential donors, I thank you. Your continued support is greatly valued and appreciated. Together we can make a difference.

Doreen Saunders, CEO

The Elston Foundation

Once again, the IOOF Homes was the gracious recipient of \$11,500, from The Elston Foundation to purchase eight more much needed height and depth adjustable dining room tables for one of the Dining Rooms located in the LTC Home.

We are very grateful for the ongoing, long-time and generous support given to the IOOF Seniors Homes by Sally Elston and The Elston Charitable Foundation.

FRIENDSHIP LOVE TRUTH Donation

On June 25th, 2015, The Friendship Love & Truth Charitable Foundation, presented the IOOF Seniors Homes with a cheque in the amount of \$10,000 to kick start the redevelopment of the much needed unfinished Dining Rooms in the LTC Home. Each dining room will cost at least \$700,000 to complete. Currently Residents must wait at the elevators 3 times per day to be transferred to our main floor dining room. This process can exceed 2 hours per day of Resident, staff and volunteer time. The generosity and commitment of the FLT Foundation and our Residents is greatly appreciated.

PAN AM GAMES

Innisfil was part of the route of the 41-day journey of the Toronto 2015 Pan Am Games Torch Relay. The torch began its journey when the Pan Am flame was lit during a traditional Aztec lighting ceremony at the Pyramid of the Sun in Teotihuacan, Mexico, before landing in Canada on May 30th, 2015.

More than 130 Ontario communities had the honour of hosting the flame during community celebrations. On Thursday, June 11th, 2015, the Pan Am Torch was passed to and carried by Travis Durham, Director of Support Services here at the IOOF Seniors Homes, where he proudly ran representing our communities. The torch relay finished in Toronto on July 10th, 2015, to light the cauldron at the Opening Ceremony.

Pictured are IOOF Senior Homes Management team supporting Travis Durham during his torch run on Innisfil Beach Road.

Remember that you are always welcome, as a group or individually, to tour the IOOF Homes.

We are very proud of our history and are happy to share our story.
